- Speed Loader works with GI 10 round stripper clips or you can load 10 loose rounds into the side tray that opens up for easy access. Side tray door is secured with a spring loaded latch.
- When the Speed Loader is loaded up with 10 rounds, insert the tethered T-handle push rod into the top of the loader and push the cartridges into the magazine. Load up another 10 or so cartridges until the magazine is at capacity.
- The T-handle push rod has several features: a magnet on the T-handle retains the empty stripper clip for easy removal, the end of T-handle push rod will also strip the cartridges from the feed lips of a loaded magazine, it has a 1/4" tool bit holder molded into the handle, the handle is tethered to the Speed Loader body with a blue lanyard.
- Speed Loader is constructed of polymer and aluminum.

DELUXE RIFLE SCABBARD

COLORS		
	Black	CVDRSC3033B
	Green	CVDRSC3033G
	Tan	CVDRSC3033T

- Extendable from 32" - 38"

- The deluxe rifle scabbard has some new features and is both wider and thicker in the main body than our other standard rifle scabbard. This allows for more rifles with compact optics and accessories (lights, lasers, short vertical grips) mounted onto the handguards to fit into the scabbard. The scabbard has a 1.25" side gusset for more interior room.
- The deluxe rifle scabbard has a rifle stock hood that covers the rifle stock and the top opening of the scabbard from the elements.
- The stock hood is adjustable, has two straps with hook and loop fasteners, and two straps with quick connect buckles for attaching it to the scabbard body. 15" (hook and loop) side access flap and two quick connect buckles for quick access to the rifle.
- The deluxe rifle scabbard also features our MOLLE sholder straps for an easy and comfortable way of carrying the deluxe rifle scabbard. The shoulder straps attach to the scabbard with PALS straps.
- The padded shoulder straps are contoured, adjustable for length, feature a sternum strap with a quick connect buckle, and has metal D-rings.
- The deluxe rifle scabbard body has a 1.5" adjustable waist strap (5.0"W) with a quick connect buckle to help secure the scabbard to the body when using the shoulder straps.
- MOLLE webbing on both sides of the scabbard with two PAL straps for ambidextrous usage and mounting of MOLLE accessories.
- Rifle pistol grip retention strap with quick-release buckle, 5.0"L side zipper, and 4.5" side strap for the pistol grip slot.
- Six metal D-ring locations on the scabbard body for attaching the padded shoulder sling.
- The stock hood, MOLLE shoulder straps, and sling are removable from the scabbard.
- Grommet for drainage.

You can mount the MOLLE Backpack Straps to a scabbard, rifle cases, and other MOLLE gear.
